

Paycheck Protection Loan Program – YOU NEED TO APPLY

With the passage of the CARES Act, there is one key provision that virtually all businesses need to apply for; the Paycheck Protection Loan Program. This program is designed to keep workers at work and provide employers additional means to pay for certain expenses. Virtually all businesses are being affected by the pandemic or will be soon. This is a “first come, first serve” program so you do not want to wait to apply.

If you have less than 500 employees and are going to retain and pay all of your employees at full wages for 8 weeks after the loan is issued, ***then the loan amount will most likely be fully forgiven***. If you have any questions on this program or any other provision in the CARES Act, Somerset CPAs is here to help. Contact Scott Sutton at ssutton@somersetcpas.com or directly at 765-438-6570.
